

Directions to the McLean County Clerk's Office

Physical Address: 115 E. Washington St., Room 102, Bloomington, IL 61701

Our office is located in downtown Bloomington at the Government Center, on the corner of Front, East and Washington Streets, across from State Farm on Washington Street. While there is parking available on the Washington Street side, it's easier to find free, 2-hour parking on the Front and East Street side of the building. There is also parking available in the parking garage directly across the street on Front Street. There is an hourly fee for parking at the parking garage.

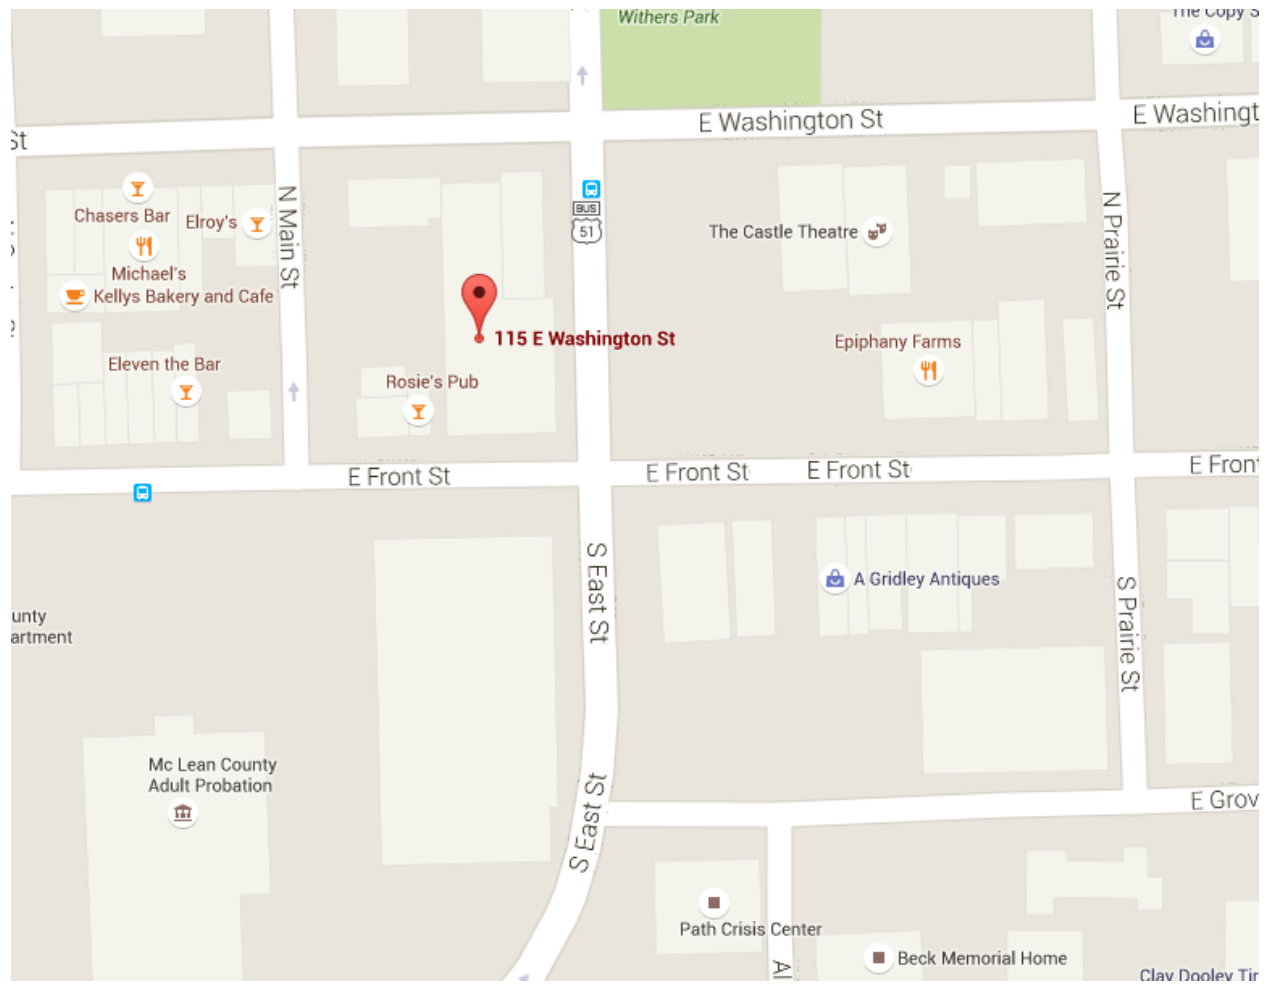

The Government Center building is wheelchair accessible from all entrances.

Do not confuse us with the Law and Justice Center which is located down one block across the street on the Front Street side of the Government Center, and handles all court-related matters.

Election Division: McLean County has two election authorities. Our office handles all elections in the county, except for the City of Bloomington. City of Bloomington elections are handled by the Bloomington Election Commission located in the Government Center on the 4th floor.

Mailing Address:
