June 3, 2016

To: Chairman Segobiano and Members of the Property Committee

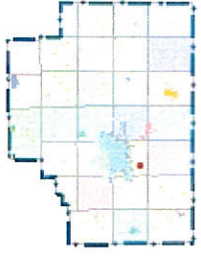

From: Ms. Marshall Thomson

Re: Dog Run Project Plans

The McLean County Animal Control Center would like to request approval of the attached plans for a four dog outdoor run to be constructed adjacent to the fenced in parking lot behind the Animal Control Center. The Animal Control Center has received \$3,922.00 in donated funds for the construction of this dog run. This project would allow dogs at the center to get some exercise in a fresh air environment when the weather allows. The Animal Control Center has been receiving monetary donations from supporters over the last eight to nine months for the purchase of supplies, facility improvements, and equipment. These funds are donated with the intention of purchasing supplies, facility improvements, and equipment needed to enhance the care and environment provided to the animals while at the center. The estimated cost of the materials for this project is \$3,500. The Animal Control Center received approval of a Budget Amendment to use the donated funds for this project from the Finance Committee at their June meeting.
